## **This is the Brodetsky Primary School Publication Scheme on information available under the Freedom of Information Act 2000**

*The governing body is responsible for maintenance of this scheme.*

### **1. Introduction: what a publication scheme is and why it has been developed**

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

To do this we must produce a publication scheme, setting out:

*The classes of information which we publish or intend to publish;*

*The manner in which the information will be published; and*

*Whether the information is available free of charge or on payment.*

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is available either available for you on our website to download and print off or in paper form or available from the school in a printed form.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

### **2. Aims and Objectives**

The school aims:

- Provide our pupils with a broad and balanced curriculum which is designed to develop our pupils' knowledge, skills, understanding, personal and social development, whilst ensuring excellence for all.
- Recognise the need for our pupils to achieve their full potential, whilst deriving maximum enjoyment from their educational experience. We aim to provide meaningful learning opportunities which engage all pupils fully and encourage them to progress at an appropriate rate.
- Encourage and stimulate pupils to have curiosity and creativity with the confidence to try new challenges in order to prepare them for life long learning and economic well being.
- Provide a professional environment where pupils and staff are encouraged to work independently and collaboratively in a climate of mutual trust.
- As an Orthodox Jewish school we embrace the need to educate our pupils within a moral framework that reflects and promotes religious beliefs and practices fostering a pride in their Jewish identity.

and this publication scheme is a means of showing how we are pursuing these aims.

### 3. Categories of information published

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

- School Website* – information published on the school website.
- Governors' Documents* – information published in the Governors Annual Report and in other governing body documents.
- Pupils & Curriculum* – information about policies that relate to pupils and the school curriculum.
- School Policies and other information related to the school* – Information about policies that relate to the school in general.
